FROM THE DIRECTOR'S DESK

HBCSE Educorp Classes Pvt.Ltd.

(HBCSE Centre For Science EDUCATION)

Mr. Harsh Tiwary

Dear Student's & Friends

With a new session, a new beginning and things will change. When Jawaharlal Nehru addressed the nation for the first time, little did we know that in a short span of about 70 years, our country will move forward to become one of the fastest growing economies and the most promising countries of the world.

History is testimony to the fact that John F. Kennedy believed in new beginnings. His conviction that man had to tread the space for gaining knowledge of the far and beyond, at a time when space travel was unthought-of.

To the students, I have but one message to give. Dream big and work towards your goal. We, at Centre For Science Education, strive to see your beginnings culminate in unparalleled success. And, success comes to those who are good human beings while at the same time excel in scholastic as well as co-scholastic fields. You stepped into the portals of this great institution with fresh thoughts, lofty aims, high hopes, and exalted aspirations. I assure you that your ambitions will be accomplished through the able guidance of the highly accomplished and experienced faculty. In return, the Intitution seeks superior ethics, positive attitude, social and moral values and discipline. Remember, you are the torchbearers and your first and foremost duty is to follow the footsteps of the trailblazer alumni yet chart a unique course for yourself.

To conclude, I would like to reiterate my belief with this quote by Henry Ford: If everyone is moving forward together, then success takes care of itself. So let's all join hands to take off on this journey to higher orbits of excellence.

With Best Wishes To All

SCHOOL INTEGRATED PROGRAM (NON SCHOOLING)

- This would mean that the Student would not be going through two separate schedules & Classes for the same subject.
- Complete Lab & other support will be provided to the Students. CSE School Integrated Programs are a dream of the CSE team to bring a renaissance in the Indian Education System as we try to move towards Ideal School Education. The seats for all Integrated School Programs are limited. Our Integrated School Programs have the capability to help Students of Class XI & XII to achieve - Overall Academic Excellence in Class XII Boards, JEE Advanced & JEE Main in a single system within regular school hours. Thereby bringing in tremendous focus & reduction in undue stress.

Benefits to the Students…

- A program that will prepare Students extremely well, not only for JEE Advanced, JEE Main & Other Engineering Entrance Exams but also for School / Board examination.
- A study plan that will ease out the pressure of time (or the feeling for the lack of it) for the Student, unlocking lots of extra time, giving enough time for self-studies, which a Student would not have got otherwise and also giving him / her sufficient time for co-curricular activities, sports, social activities etc. which are equally important for his / her personality development
- A program that eliminates the negative pressure on the Student
- Students enrolling in these programs will have an integrated study plan.
